

Project Removal From Capital Pipeline

District	School	Board Invitation	Further Board Approval	Reason for removal from capital pipeline	Additional Statements of Interest on file
Granby	Granby Jr/Sr HS	11/28/2007	Preferred Schematic Design on May 26, 2010 Project Scope and Budget Agreement on September 29, 2010	The Town of Granby failed Vote to support the Granby School Building Project. In a letter dated November 4, 2010, the Superintendent has advised the MSBA that they there will not be further town action on the MSBA approved building project.	Two statements of interest filed: East Meadow Elementary School, Grades 4 - 6 and the West Elementary School, Grades PK-3.
Gardner	Waterford Street Elementary School	11/28/2007	None	In a letter dated July 9, 2010, The District informed the MSBA that they are unable to financially support a substantive capital project for this facility at this time and has requested, instead, consideration for a partial roof replacement at the Waterford Street School as well as prioritization of its two Green Repair Statements of Interest.	Two statements of interest filed in 2010 under the MSBA's Green Repair Program: Elm Street School – roof and Gardner High School – roof.
