

Project Overview Report

July 3, 2012

A total of 356 projects that have received invitations from the Board of Directors to collaborate with the MSBA are currently in the MSBA's Eligibility Period and Capital Pipeline. The following summary chart provides the number of projects in the Eligibility Period and each phase of the Capital Pipeline:

*These 39 projects have been audited and approved for final payment of the MSBA grant, and thus, with the fiscal year end, will be removed from future Project Overview Reports.

Statement of Interest ("SOI") Review Status

- 280 SOIs submitted:
 - 13 SOIs were filed for the Science Lab Initiative
 - 10 SOIs have been invited into the Eligibility Period
 - 71 SOIs were considered for the Accelerated Repair Program upon initial review of the SOI
 - 186 SOIs are being reviewed for the Core Program

39 of the 71 SOIs filed for the Accelerated Repair Program have been invited into the Program. SOIs that were not invited into the Accelerated Repair Program have been returned for review in the Core Program. Ten of the 13 SOIs filed for the Science Lab Initiative have been invited into the Program and staff is preparing a recommendation for the remaining three districts for the July Board meeting.

Eligibility Period

There are 14 districts in the Eligibility Period. No districts are seeking local funding and authorization within the next 60 days, and nine of the 14 districts have secured funding. The remaining five districts have yet to confirm their dates for action.

An agreed-upon enrollment is a key pre-requisite for the MSBA to commence a Feasibility Study with a district. To begin the enrollment projection process, a district must file enrollment information utilizing the MSBA's online enrollment projection tool. Since the last report, four districts have completed the enrollment process.

Based upon anticipated schedules for completion of the Eligibility Period requirements provided by the districts, staff expects to recommend the remaining districts in Eligibility Period for Invitations to Feasibility Study at the July and October Board meetings.

Capital Pipeline

Consultant Selection

After the district has completed all Eligibility Period requirements, and the district has received an Invitation to Feasibility Study from the Board, the district procures an Owner's Project Manager ("OPM") and then a Designer. There are six districts in the Capital Pipeline who still need to procure an OPM.

Districts in the Accelerated Repair Program will be assigned pre-selected OPMs and Designers, procured by the MSBA through a Request for Services that was issued in April. Ten districts, representing 15 projects, were invited to participate in the program in June and will receive consultant assignments after successfully completing all required MSBA pre-requisite documents. There are currently a total of 27 districts, representing 39 projects, in the Accelerated Repair Program.

After a district has selected an OPM and executed a contract with that OPM, it selects a Designer utilizing either a local designer selection process for projects under \$5 million or the MSBA's Designer Selection Panel (DSP) for projects over \$5 million. There are three districts in the Capital Pipeline who are in the process of procuring a Designer.

Feasibility Study

Once a district has procured an OPM and Designer and a Feasibility Study Agreement has been executed, the district and its consultants must submit the Preliminary Design Program and the Preferred Schematic Report to the MSBA before the Board will consider it for Schematic Design. Based on the most recent data and schedules provided to the MSBA by districts, MSBA staff anticipates recommending 10 districts to proceed with preferred schematic designs at the upcoming October and November Board meetings.

Prior to consideration by the Board for Project Scope and Budget authorization, a district must submit a schematic design to the MSBA for review. Based on the most recent data and schedules provided to the MSBA by districts, MSBA staff anticipates recommending eight districts for Project Scope and Budget Agreement authorization at the upcoming October and November Board meetings.

Commissioning

Since the last report, the MSBA has assigned Commissioning Consultants to an additional six projects as presented in the table below. The MSBA has executed 177 Commissioning Consultant contracts to date, totaling \$14.7 million. To date, 17 contracts have been completed.

District	School	Estimated Const. Cost (million)	Commissioning Consultant	Contract Amount
Haverhill	Green Repair - Multiple Schools - Boilers	\$1.00	RDK Engineers	\$17,370
Cape Cod Regional	Cape Cod Regional Voc/Tech High School	\$0.28	Fitzemeyer & Tocci Associates	\$8,300
Haverhill	Green Repair - Multiple Schools	\$3.02	Russo Barr Associates, Inc.	\$45,350
Assabet Valley Regional	Assabet Valley Regional Voc/Tech High School	\$50.76	Symmes, Maini & McKee	\$275,673
Greenfield	Greenfield High School	\$53.00	BVH Integrated Services, Inc.	\$120,214
Newburyport	Francis T. Bresnahan Elementary School	\$31.10	Fitzemeyer & Tocci Associates	\$92,265
Total		\$139.16 million	Total \$559,172	

Design Development

Once a district has secured local funding and has entered into a Project Funding Agreement with the MSBA, it enters the Design Development phase. Currently there are 19 Core Program projects in Design Development, with a total estimated construction cost of \$953.4 million:

Elementary School Districts

Lexington
Newburyport
Webster
Westfield
Weston
Williamsburg

Middle School Districts

Oxford
Stoneham
Wakefield

High School Districts

Assabet Valley Regional Voc/Tech

West Springfield

Total Project Budgets Update

Upon authorization from the Board of Directors, the MSBA enters into a Project Scope and Budget Agreement with a district, establishing the Total Project Budget developed by the district and the estimated Total Maximum Facilities Grant. Since 2007, the total project budgets for a few projects have been affected by the actual construction bid or the district's acceptance of alternates. The following table shows that, to date, of the 316 grants authorized by the Board since November 2007, 10 projects have had increases to their Total Project Budget. This includes seven Green Repair projects and three Core Program projects. In no event has the increase in budget resulted in an increase to the estimated Total Maximum Facilities Grant as authorized by the Board. Please note that staff has reported on the budget increases for two of the three Core Program projects shown below at previous Board meetings.

District	School Name	Scope	Project Funding Agreement		PFA Bid Amendment		Reason
			Total Project Budget	Total Maximum Facilities Grant	Total Project Budget	Total Maximum Facilities Grant	
Green Repair Program							
Lexington	Lexington High School	Roof	\$1,122,890	\$381,221	\$1,197,444	\$381,221	District elected to accept base bid and alternates. District appropriated additional
Hancock	Hancock Elementary School	Roof/HVAC	\$277,450	\$125,740	\$400,805	\$125,740	District elected to accept the base bids in Phases 2 and 3 that were higher than the approved budget. District needs to
Narragansett Regional	Phillipson Memorial School	Boiler	\$143,225	\$85,712	\$161,232	\$83,275	District elected to accept the base bid that was higher than the approved budget. District appropriated additional funds to
Florida	Gabriel Abbott Memorial School	Roof	\$380,310	\$213,172	\$389,422	\$188,804	Project included \$80,153 in Change Orders that offset bid savings and exhausted the

Core Program							
Essex North Shore Agricultural & Technical School	Essex North Shore Agricultural & Technical High School	New	\$125,000,000	\$77,500,000	\$133,770,000	\$77,500,000	The Board was informed at the March 30, 2011 meeting that the Total Project Budget had increased due to additional ineligible scope that would be funded by DCAM.
Somerville	East Somerville Community School	Add/ Reno	\$33,185,258	\$15,237,996	\$38,006,621	\$15,237,996	At the March 28, 2012 Board Meeting, the Board approved an amendment to the PFA and a \$6.25 million MSBA loan.
Uxbridge	Uxbridge High School	New	\$43,000,000	\$22,362,328	\$44,986,479	\$22,362,328	The District has appropriated additional funds to cover the costs associated with the construction of athletic fields originally included in the PFA but which were not included in the bid as the District's

Status of Green Repair Program

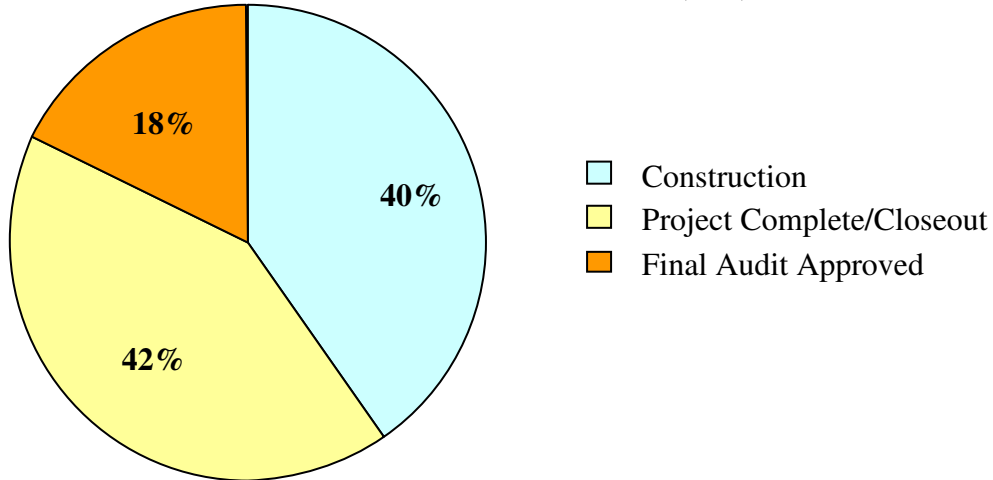

169 projects participating in the Green Repair Program have received authorization to enter into a PFA, totaling \$366,647,226 in Total Project Costs and \$222,885,258 in MSBA Total Facilities Grant funding.

Green Repair Project Phase

100% - 169 projects authorized for PFA

Total Project Budgets \$366,647,226

Total Maximum Facilities Grants \$222,885,258

Construction Bids

Between December 2010 and June 2012, MSBA staff received bid results for 44 boiler, 98 roof, and 58 window projects. With the exception of two window projects which are anticipated to bid in August, all Green Repair projects have gone out to bid.

Of the bids reviewed:

- 74% of roof projects came in under budget,
- 69% of window projects came in under budget, and
- 49% of boiler projects came in under budget.
