CORE PROGRAM

ELIGIBILITY PERIOD

There are 19 districts in the Eligibility Period and eight of those districts have secured their local funding.

An agreed-upon enrollment is a key pre-requisite for the MSBA to commence a Feasibility Study with a district. To begin the enrollment projection process, a district must file enrollment information utilizing the MSBA's online enrollment projection tool. Eight districts in Eligibility Period have completed their online enrollment projection information.

CONSULTANT SELECTION

Owner’s Project Manager (“OPM”) Selection

After the district has completed all Eligibility Period requirements and has received a Board Invitation to Feasibility Study, the district procures an OPM. Since the last report, no districts have completed their OPM selections. Currently, there are five districts in the Capital Pipeline that are in the process of procuring an OPM.

District	School	Anticipated Selection
Walpole	Bird MS	February 2020
Stoneham	Stoneham HS	March 2020
Peabody	Welch ES	April 2020
Westfield	Franklin Ave ES	April 2020
Hull	Memorial MS	July 2020

Designer Selection

After a district has selected and executed a contract with an OPM, the district selects a Designer by utilizing either a local designer selection process for projects under \$5 million or the MSBA’s Designer Selection Panel (“DSP”) for projects over \$5 million. Since the last report, four districts have completed their Designer selection (shaded in the table below). There are currently two districts in the Capital Pipeline that are in the process of procuring a Designer.

District	School	Anticipated Selection
Swampscott	Hadley ES	November 2019/December 2019

Bristol-Plymouth	Bristol-Plymouth Voc Tech	January 2020/February 2020
Greater Fall River	Diman RVTHS	February 2020

For additional information on the selected consultant teams, see Appendix A.

FEASIBILITY STUDY

Once a district has procured an OPM and a Designer, the district and the district’s consultants must complete two Feasibility Study submittals, the Preliminary Design Program and the Preferred Schematic Report, prior to Board consideration to proceed into Schematic Design. Based on the most recent data and schedules provided to the MSBA by districts, the MSBA anticipates that nine districts will appear before the Board for their Preferred Schematic Design authorizations at the February, April, and June 2020 Board meetings.

District	School	Anticipated PS Board Date
Boston	Josiah Quincy Upper School	April 2020
Lawrence	Oliver Partnership	April 2020
Worcester	Doherty Memorial HS	April 2020
Andover	West ES	June 2020
Ashland	David Mindess ES	June 2020

Groton-Dunstable	Florence Roche ES	June 2020
Somerset	Somerset MS	June 2020
Wellesley	Upham ES	June 2020

SCHEMATIC DESIGN

Prior to consideration by the Board for Project Scope and Budget Agreement authorization, a district must submit a Schematic Design to the MSBA for review. Based on the most recent data and schedules provided to the MSBA by districts, the MSBA anticipates that five districts will appear before the Board for Project Scope and Budget Agreement authorizations at the February, April, and June 2020 Board meetings.

CONSTRUCTION

When a district with a Design-Bid-Build Construction project issues a Notice to Proceed, or when a Construction Manager At-Risk project has received sub-bids, the project is advanced to the Construction Phase. Currently, there are 48 projects in the Construction Phase with a total estimated construction cost of \$2.41 billion. Of those 48 projects, 23 are ARP Projects and 25 are Core Program Projects, however, this does not include the 47 projects that have reached substantial completion and are currently in the Building Complete Phase. The 25 Core Program Projects have a total estimated construction cost of \$2.36 billion and are listed below.

Amendment to the Project Funding Agreement (PFA)

Upon receipt of construction bids or the execution of a GMP, a district submits the Contractor’s Schedule of Values to the MSBA. MSBA staff will collaborate with the district to reconcile the construction costs from the schedule of values against the estimated construction budget. Afterwards, an amendment to the PFA is executed to reflect the bids received for those projects. The chart, shown below, is the number of amendments to PFAs listed by fiscal year.

Fiscal Year	Total Amendments

CLOSEOUT

After the district's contractor finishes all project work including, demolishing the old building, completing site work, and finalizing commissioning, the project proceeds to the Closeout Phase. Once all the project costs have been paid by the District, the District submits its Final Request for Payment Reimbursement via the MSBA's Pro-Pay system. After the District submits all the items identified on the MSBA's Index of Final Closeout, including the Final Request for Payment Reimbursement, the MSBA initiates the Draft Audit Report and sends it to the District for its consideration. The MSBA performs the final audit to determine final total grant amounts. Final payment to the District requires the MSBA Board's approval of the final Total Facilities Grant for the project.

Currently, there are 75 projects in the Closeout Phase including 54 ARP Projects and 21 Core Program Projects. The chart, shown below, lists the Core Program Projects by year of achieved Substantial Completion:

Year	All Project Phases	Final Audit Approved	Closeout	Building Complete

ACCELERATED REPAIR PROGRAM

The photos above depict the before and after of the windows at the Wayland Claypit Hill School, serving 506 students. The project replaced the windows and doors, thus, extending the useful life of the 63-year-old building. The project reached Substantial Completion in August 2016 and was brought to the December 2019 Board of Directors meeting for Final Audit Approval.

Currently, there are 324 projects that are either active or completed in the ARP. The 324 projects are located in 128 districts, many of whom have been invited to the ARP multiple times. All the new information that has been updated since the last report is *italicized and bolded*.

Accelerated Repair Projects – Schedule Extension Update

The MSBA has granted districts conditional extensions to their PFAs pending compliance with the following stipulations:

- The district must submit a detailed, revised, construction timeline that explains how the work will be completed at each school; and
- Any costs that are related to a district requesting an extension to the construction schedule will be the sole responsibility of the district, and those costs are categorically ineligible for reimbursement by the MSBA.

Schedule delays for these districts can be attributed to local funding issues, lead time for windows, and construction delays on site. In no event have the extended schedules resulted in an increase to the Estimated Maximum Total Facilities Grant, as authorized by the Board.

Six of the 34 2017 ARP Projects revised their construction schedules to reflect substantial completion in 2019 or beyond. Staff has reported previously on the shaded projects listed below, which remain in Construction or Design Development.

District	School	Scope	Original Construction Completion Date	Updated Construction Completion Date	Reason for Schedule Extension
Fall River	Samuel Watson	Roof, Windows/Doors, Boiler	31-Dec-19	31-Aug-21	The District and its consultants sought and received a MAAB variance prior to proceeding with its appropriation vote, which delayed the development of construction documents.

PROJECT VARIANCES

Core Program – Total Project Budget Update

Upon receiving the Board’s approval of the Project Scope and Budget, the MSBA and participating districts enter into a Project Funding Agreement, which establishes the Total Project Budget and the Estimated Maximum Total Facilities Grant for an approved project. In no event has the increase in a budget resulted in an increase to the Estimated Maximum Total Facilities Grant, as authorized by the Board.
